Greetings,

We are writing to introduce ourselves and to share the news of our newly expanded Chemical Dependency Evaluation and Clinical Mental Health Counseling services which may serve your clients and or, patient populations in the Aberdeen area and across the entire state of South Dakota.

The Support Circle's home office has been located in Mobridge, SD for the past ten years, providing both in-person and virtual counseling services for children, teens, individuals, and couples. We are excited to have recently opened a second location in Aberdeen, SD which will be offering online Chemical Dependency services statewide, as well as two full-time mental health clinicians providing Mental Health services both in person and via telehealth.

We have expanded our staff to include Natasha Valnes-Jorgenson, a Licensed Addictions Counselor who has worked in the Aberdeen area providing services through a local non-profit for the past eight years. Natasha has facilitated CBISA (Cognitive Behavioral Interventions for Substance Use) small groups and uses CBT (Cognitive Behavioral Therapy) and Motivational Interviewing techniques for all clients. Our expanded staff also includes Rebecca Christiansen, LPC-MH, QMHP, LPC, NCC, M.S.Ed. and Ashley Geist, LPC-Supervisee, NCC, M.S.Ed.

*We currently offer a variety of Mental Health services including:*

- Addiction Counseling; including Chemical Dependency Evaluations, individual counseling sessions and recovery services as well as support for clients and their family members.
- Clinical Mental Health Services; in-person services in both Mobridge and Aberdeen, and virtual services statewide

All services are currently available online which makes availability an option across the state of South Dakota. Clients can contact the main office at 605-845-2058 with any questions and to schedule appointments. Our friendly and caring staff look forward to connecting with your clients and patients soon!

Sincerely,
